

DIMENSION		MEASURE		DIMENSION		MEASURE	
APPLIANCE				Indicates whether a ventilation opening in the back side of cabinet is needed or not with oven. Default is "Y"		No	
Product width		770	mm	Indicates the position of the opening in the back side of the cabinet with oven		N/A	
Product depth		510	mm	MIN Width of rear opening required with oven		0	mm
Radius of product corner		2	mm	MIN Depth of rear opening required with oven.		0	mm
Product height (MAX protrusion from the worktop)		4	mm	MIN AREA of rear opening required with oven		0	cm²
Underneath the bearing area of the appliance		42	mm	MIN distance from cabinet to rear wall, with oven		0	mm
Distance between cut out and top frontal projection		10	mm	Indicates whether a ventilation opening in the top front side of cabinet is needed or not with oven. Default is "N"		No	
Distance between cut out and top lateral projection		10	mm	MIN Frontal gap required, with oven (2)		0	mm
Plateau thickness		4	mm	MIN frontal opening area required with oven		0	cm²
Gas outlet positioning		N/A		WITH CABINET			
Gas outlet X positioning		0	mm	MIN worktop thickness with cabinet		20	mm
Gas outlet Y positioning		0	mm	MAX worktop thickness with cabinet		50	mm
Power cable		N/A		Indicates whether a protection tray against heat or contact is needed. Default is "Y"		Yes	
Power cable positioning		Rear		MIN distance from bottom line of appliance to protection tray		20	mm
CUT OUT				Indicates whether a ventilation opening in the tray is needed or not with cabinet		No	
MIN front distance from cut-out to end worktop		0	mm	Recess dimension X		0	mm
MIN rear distance from cut out to wall/furniture		70	mm	Recess dimension Y		0	mm
MIN lateral distance from cut out to wall/furniture		100	mm	Positioning dimension X by axis		0	mm
MIN height from worktop to above furniture		400	mm	Distance of the tray from the back panel/wall		0	mm
MIN cut out width		750	mm	Indicates whether a divider is available		N/A	
MAX cut out width		752	mm	Indicates whether a ventilation opening in the back side of cabinet is needed or not. Default is "Y"		No	
MIN cut out depth		490	mm	Indicates the position of the opening in the back side of the cabinet.		N/A	
MAX cut out depth		492	mm	MIN Width of rear opening of the cabinet		0	mm
MIN cut out radius		6.5	mm	MIN Depth of rear opening of the cabinet		0	mm
MAX cut out radius		8	mm	MIN AREA of rear opening of the cabinet		0	cm²
FLUSH INSTALLATION				MIN distance from cabinet to rear wall		0	mm
Indicates whether a flush installation is possible. Default is "N"		No		Indicates whether a ventilation opening in the top front side of cabinet is needed or not. Default is "N"		No	
MIN Milling rabbet width		0	mm	MIN Frontal gap of the cabinet		0	mm
MAX Milling rabbet width		0	mm	MIN frontal opening area of the cabinet		0	cm²
MIN Milling rabbet depth		0	mm	INSTALLATION SPACE			
MAX Milling rabbet depth		0	mm	Depth of immersion underneath the appliance		0	mm
Milling rabbet thickness		0	mm	Width protruding area below bottom box		0	mm
Radius milling rabbet		0	mm	Depth protruding area below bottom box		0	mm
Flush installation KIT (2)		N/A		Protruding area: X positioning		0	mm
Indicates the minum worktop thickness with standard installation for gas		0	mm	Protruding area: Y positioning		0	mm
Indicates the maximum worktop thickness with standard installation for gas		0	mm	ACCESSORIES FOR INSTALLATION			
Indicates the minum worktop thickness with flush installation for gas		0	mm	Gasket		Pre assembled	
Indicates the maximum worktop thickness with flush installation for gas		0	mm	Clips		Separate KIT	
WITH OVEN							
Indicates whether the cooktop can be installed above oven. Default is "Y"		Yes					
MIN worktop thickness with oven		20	mm				
MAX worktop thickness with oven		50	mm				
Indicates whether a protection tray against heat or contact is needed with oven. Default is "N"		No					

DIMENSION		MEASURE
Injector KIT	N/A	
Elbow KIT	N/A	
COOKTOP HOOD INSTALLATION ONLY FOR GAS		
MIN distance from cooktop to above furniture	0	mm
MIN distance between cabinets above the cooktop	0	mm
MAX distance between cabinets above the cooktop	0	mm
