SPLASHBACKS

Splashbacks make a great style statement. Unlike wall tiles there is no messy installation or scrubbing grout clean. They go straight onto the wall in one smooth piece and fix in place with our Complete adhesive.

Affordable, hygienic and still looking fabulous in years to come, we have a stunning range to choose from. All worksurfaces are available with a matching splashback.

UPSTANDS

Every worksurface in the **OMEGA** range is available with a matching upstand. Upstands continue the surface decor up the wall to protect paintwork and create a seamlessly elegant finish.

Upstands are sealed in place with Complete coloured adhesive for a perfectly co-ordinated finish.
